Smith, day clerk of the Commercial, headed a party which left town this morning for the purpose of killing dogs which are running down and devouring calves on the Laphand ranch. The dogs are common domestic animals but are running at large upon the river bed and are claimed by no one. The party, leaving last night, was heavily armed with rifles and automatics and they expected to make a raid on the dogs early this morning.

TRAIN LOAD FOR SHOUP

While on the coast the past two weeks, I bought a train load of lumber. Eight cars are on the road now and the others will come in as fast as we can take care of them. The demand for lumber on the Pacific Coast is larger than ever known and the stocks are smaller. I have several cars of ceiling siding, one by four and six, one by four to one by twelve redwood and redwood posts that will be very reasonable considering the times. Flooring finish and shingles are hard to get at any price.

As the country in general is in such a prosperous condition and demand for building material so great, it doesn't look reasonable for building material to be any cheaper for some time.

To make room for new stock, I have the following stock I wish to move this week at these prices:

3x4 No. 2, c. g. \$25.00
1x4 No. 2, siding \$22.50
1x4 and 2 No. 2, siding \$35.00
3x5, 10 and 12 Native 15 only \$25.50
1x4 com. native \$35.00
100 pieces 1x3 12 round edge O. P. c. g. \$50.00
A lot of cull native and Oregon two inch stock at \$25.00. Will rip this for 2x3 and 2x4 if desired.

For orders of less than \$10.00 on this special price stock there will be a charge of 50c to \$1.00 for delivery in the city, country and suburban people haul their own material and are entitled to delivery costs.—Adv.

THOUSAND MEN UNEMPLOYED IN GLETON FIELD

One thousand men are unemployed in the Clifton district and Phoenix has a clearing house for these men. Through the efforts of Charles Hartman, state manager of the free employment bureau, maintained jointly by the federal, state and municipal authorities, two hundred of these men, mostly Mexicans with families, were taken yesterday from a condition of unemployment to one where they will be able to support their families.

When Hartman received a telegram yesterday from Frank Brown, federal representative of the government employment bureau, who had just reached Globe from the Clifton district, stating that 1,000 men were idle in the Clifton district, he became busy at once. Last evening he was able to announce that he had succeeded in placing 200 of the idle men in the employ of the Arizona Eastern railroad, to engage in construction and repair work at once. Brown indicated that much good is being accomplished through this agency. During the past month over 800 men have been found employment through the bureau which has headquarters in this city.

ZANDER IS UPON EXECUTIVE BOARD

Word has been received in Phoenix that C. M. Zander, chairman of the Arizona tax commission, has been elected a member of the executive committee of the National Tax association, the annual meeting of which ended Saturday night at Atlanta, Ga. The other members of the committee are Judge John C. Hart, tax commissioner of Georgia, and Professor A. M. Millets of the University of Chicago.

The National Tax association is a prominent organization composed of the leading taxing officials of the nation, and the selection of Mr. Zander to membership in the executive committee is high honor to himself and to the small and youthful state he represents. Mr. Zander and Charles R. Howe, another member of the commission, attended the conference.

ORDINATION TO BE HELD TODAY

Ordination services will be held at the Trinity Pro-Cathedral at 10:30 o'clock this morning, when the Rt. Rev. J. W. Atwood, bishop of Arizona, will ordain to the ministry of the Episcopal church, Lawrence Kelly of Boston.

Mr. Kelly was a candidate for the Holy Order in the diocese of Arizona. The sermon will be preached by Archdeacon J. R. Jenkins of this diocese. Mr. Kelly, who has been working at Yuma recently, will hereafter be in charge of the Episcopal church work at Clifton and Morenci.

UNUSUAL CASE IS TRIED HERE

If T. M. Caldwell had not brought suit against Eugene Pierson he would have been the richer by \$360, costs and attorney's fees. Caldwell sued Pierson for \$2,397 which he alleged was due him on a contract made with the defendant for leveling and grading his lands. He claimed he was to furnish teams and receive \$9 a ten-hour day for each four horse team. His payments were to vary with the teams and men he provided. The entire amount due at the completion of the task would amount to \$2,740.50. Of this amount the defendant had paid \$1,385.55 and the balance claimed to be due was \$2,397, which was the amount Caldwell sought to recover. Pierson denied such a contract as Caldwell stated existed. He declared he had agreed to pay \$30 an acre for his entire 40 acres. On the witness stand he told how Caldwell had come to his home and they had discussed the matter and agreed that the plaintiff was to be paid \$30 an acre to level and clear the place. He had occasion to remind Caldwell of this fact when, after clearing 28 acres, Caldwell had told him he would have to raise his wages to
